

UNIT 04 · LOOK & EXPLAIN

Beliefs, buildings and Buddhist evidence

A stupa: recognise architecture before interpreting its use

Generic architectural schematic; not one monument or a dated construction phase

Materials, inscriptions and joins can identify phases; one neat drawing cannot establish them.

Use the labels and worked example to explain the idea. The diagram is schematic unless a scale is given.

Look, annotate and explain

Identify the parts or values that matter. Add a label or annotation to show a connection. Explain how the diagram supports the worked example, then use it with the practice on the next page.
